

AR for Everyone Augmented/Mixed/Virtual Reality Headset

AR4 E Headset

Kickstarter Only: Hybrid headset, head strap, legacy viewing mode, and AR for Everyone sticker pack. AR4 E switches easily between flat and 3D viewing modes. Costs a little more to produce with additional optics, but gives you AR and VR in one platform. This headset also works in legacy mode, providing access to existing content. Access to slack channel and GitHub group for any interested backers.
